

County of Fairfax, Virginia

MEMORANDUM

DATE: July 1, 2021

TO: Board of Supervisors

FROM: Bryan J. Hill
County Executive 

SUBJECT: Solar Power Purchase Agreement Initiative: Termination of Vendor Contract

On December 6, 2019, Sigora Solar, LLC (Sigora) was awarded a contract to provide solar power purchase agreement (PPA) services to Fairfax County Government as well as the Park Authority, Public Schools, and the Redevelopment and Housing Authority. The contract designated Sigora the primary vendor for solar rooftop systems and the tertiary vendor for solar canopy systems.

The Board of Supervisors approved a total of 33 rooftop lease agreements with Sigora following public hearings on October 20, 2020 and March 9, 2021. Despite these lease approvals, Sigora did not execute any PPAs with county agencies.

On June 10, 2021, the contract with Sigora was terminated for convenience effective July 1, 2021, after termination was determined to be in the best interests of the county. The termination is memorialized in Amendment No. 4 to the contract, which is posted on the county's Contract Register site. This termination automatically terminates all leases with Sigora. After July 1, 2021, county agencies and entities interested in rooftop solar installations will work with Sun Tribe Solar, LLC and Ipsun Power, Inc., identified in the December 2019 contract awards as the secondary and tertiary rooftop vendors, respectively.
